CL Arrow Annuity Disclosure

The CL Arrow Annuity is a modified single premium fixed and indexed deferred annuity designed to accumulate money for retirement. This form is not intended to be a complete explanation of your annuity. **Please refer to your Contract for complete details.**

INTEREST CREDITING

You can choose different accounts for your money. You may make your allocation elections on the application. Your Accumulation Value is the total of the individual Account Accumulation Values for the interest accounts you select.

Fixed Rate Account

The fixed rate is guaranteed for one contract year. On contract anniversaries the rate may change subject to the contractual Guaranteed Minimum Interest Rate listed on the contract data page. All subsequent premiums received are applied to this account until the contract anniversary, then allocated per your instructions.

Indexed Interest Accounts

A wide variety of indexed interest accounts offer interest earnings based on the changes of a specified index. Indexed interest credited for indexed interest accounts is never less than zero and added to the Account Value at the end of each Index Term Period. Cap, participation, and spread rates are subject to reset at the end of each Index Term Period, subject to the minimums listed on the contract data page.

Point-to-Point with Cap Accounts

The Point-to-Point with Cap Accounts earn interest based on the percentage change in the underlying index during the Index Term Period, up to a specified cap. The minimum cap rate is listed on your contract data page. Indexed interest account selections containing a cap include:

- **S&P 500 Annual Point-to-Point with Cap**
- **Nasdaq-100 Annual Point-to-Point with Cap**

Point-to-Point No-Cap Accounts

The Point-to-Point with Participation Rate Accounts earn interest based on the percentage change in the underlying index during the Index Term Period, minus the spread rate, if any, multiplied by the participation rate. The minimum participation rate and maximum spread rate are listed on your contract data page. Indexed interest account selections with a participation rate include:

- **S&P 500 Annual Point-to-Point with Participation Rate**
- **MSCI USA 10% Volatility Target Annual Point-to-Point with Participation Rate**
- **MSCI USA Annual Point-to-Point with Participation Rate**
- **Nasdaq-100 Annual Point-to-Point with Participation Rate**

Transfers –Account Value may be transferred among the available Interest Accounts at the end of Index Term Period without a Surrender Charge or MVA. A written request for transfer must be received 5 days before the end of the current Index Term Period.

LIQUIDITY FEATURES AND IMPORTANT TERMS

You may receive partial surrenders or periodic income payments from your annuity by submitting a request acceptable to the Company. When you make withdrawals, surrender or annuitize your annuity, the amount withdrawn will not be credited with any index return in the current Index Term Period. Withdrawals do not participate in any index interest crediting during the Contract Year of the withdrawal.

You may be subject to a 10% Federal penalty tax if you make withdrawals or surrender your annuity before age 59½.

Penalty Free Withdrawals – During each Contract Year after the first, the surrender charge and MVA will be waived on any Account Value withdrawn up to an amount that does not exceed the greater of 10% of the Contract Value on the most recent Contract Anniversary and any Internal Revenue Service (IRS) required minimum distributions (RMD) applicable to Your Contract for the calendar year ending in the current Contract year.

Partial and Full Surrenders – Any withdrawal over the penalty free withdrawal amount will be subject to surrender charges and a Market Value Adjustment. In the event of a full surrender, you will receive the surrender value of your contract as a lump sum.

Surrender Charges – This annuity product is a long-term contract with substantial penalties for early surrender. A surrender charge is assessed, according to the schedule below, on any amount withdrawn as a partial or full surrender that is in excess of the penalty free amount.

SURRENDER CHARGE PERIOD	YEAR 1	YEAR 2	YEAR 3	YEAR 4	YEAR 5	YEAR 6	YEAR 7	YEAR 8	YEAR 9	YEAR 10
5 YEARS	9%	8%	7%	6%	5%					
7 YEARS	9%	8%	7%	6%	5%	4%	3%			
10 YEARS	9%	8%	7%	6%	5%	4%	3%	2%	1%	.5%

Market Value Adjustment – We will make a Market Value Adjustment (MVA) on amounts withdrawn or surrendered in excess of the penalty free withdrawal amount during the surrender charge period. It may result in either an increase or a decrease to the amount withdrawn or surrendered. A MVA will be made only when a Surrender Charge is deducted. Generally, the MVA decreases the Contract Value surrendered when interest rates rise, and increases it when interest rates fall. The MVA will not reduce the amount withdrawn below the Guaranteed Surrender Value.

Surrender Value – The Surrender Value is equal to the greater of (a) the Guaranteed Surrender Value; or (b) the Contract Value less any applicable Surrender Charge, and adjusted for any applicable MVA, determined as of the date of surrender. The Guaranteed Surrender Value will be 87.5% of Premium(s) Paid, less any partial withdrawals, plus interest earned at the nonforfeiture rate described in your contract.

Annuitization – You may choose to have the proceeds of this Contract paid under an income option. If proceeds other than a death benefit are applied to an income option during the surrender charge period, any applicable surrender charge and MVA will apply. This is called annuitizing your Contract. When you annuitize, you can choose from several options, including income for life and/or a specified period of years. Once you annuitize your Contract, you may not surrender it or have access to any values of your annuity, other than your income payments.

Payment options may not be elected after the Maturity Date. We reserve the right to modify the payment frequency so that each payment will be at least \$100.

Death Benefit – The death benefit is equal to the Contract Value. Surrender charges and/or MVA do not apply in the event of death.

I believe the purchase of this annuity contract is suitable after reviewing the information provided to me by the applicant/owner. If applicable, I have discussed the advantages and disadvantages of any replacement or exchange of another annuity contract or life policy. I have reasonably informed the applicant/owner of all-important features of the annuity and proposed transaction.

To the best of my knowledge, the questions on this form have been answered truthfully and I have complied with suitability requirements consistent with my contractual obligations.

**IMPORTANT NOTICE:
REPLACEMENT OF LIFE INSURANCE OR ANNUITIES**

This document must be signed by the applicant and the producer, if there is one, and a copy left with the applicant.

You are contemplating the purchase of a life insurance policy or annuity contract. In some cases this purchase may involve discontinuing or changing an existing policy or contract. If so, a replacement is occurring. Financed purchases are also considered replacements.

A replacement occurs when a new policy or contract is purchased and, in connection with the sale, you discontinue making premium payments on the existing policy or contract, or an existing policy or contract is surrendered, forfeited, assigned to the replacing insurer, or otherwise terminated or used in a financed purchase.

A financed purchase occurs when the purchase of a new life insurance policy involves the use of funds obtained by the withdrawal or surrender of or by borrowing some or all of the policy values, including accumulated dividends, of an existing policy to pay all or part of any premium or payment due on the new policy.

A financed purchase is a replacement.

You should carefully consider whether a replacement is in your best interests. You will pay acquisition costs and there may be surrender costs deducted from your policy or contract. You may be able to make changes to your existing policy or contract to meet your insurance needs at less cost. A financed purchase will reduce the value of your existing policy and may reduce the amount paid upon the death of the insured.

We want you to understand the effects of replacements before you make your purchase decision and ask that you answer the following questions and consider the questions on the back of this form.

1. **Are you considering discontinuing making premium payments, surrendering, forfeiting, assigning to the insurer, or otherwise terminating your existing policy or contract?** ___ YES ___ NO
2. **Are you considering using funds from your existing policies or contracts to pay premiums due on the new policy or contract?**
___ YES ___ NO

If you answered "yes" to either of the above questions, list each existing policy or contract you are contemplating replacing (include the name of the insurer, the insured or annuitant, and the policy or contract number if available) and whether each policy or contract will be replaced or used as a source of financing:

	INSURER NAME	CONTRACT OR POLICY #	INSURED OR ANNUITANT	REPLACED (R) OR FINANCING (F)
1.				
2.				
3.				

Make sure you know the facts. Contact your existing company or its agent for information about the old policy or contract. If you request one, an in-force illustration, policy summary or available disclosure documents must be sent to you by the existing insurer. Ask for and retain all sales material used by the agent in the sales presentation. Be sure that you are making an informed decision.

The existing policy or contract is being replaced because _____.

A replacement may not be in your best interest, or your decision could be a good one. You should make a careful comparison of the costs and benefits of your existing policy or contract and the proposed policy or contract. One way to do this is to ask the company or agent that sold you your existing policy or contract to provide you with information concerning your existing policy or contract. This may include an illustration of how your existing policy or contract is working now and how it would perform in the future based on certain assumptions. Illustrations should not, however, be used as a sole basis to compare policies or contracts. You should discuss the following with your agent to determine whether replacement or financing your purchase makes sense:

PREMIUMS:

Are they affordable? Could they change? You're older—are premiums higher for the proposed new policy? How long will you have to pay premiums on the new policy? On the old policy?

POLICY VALUES:

New policies usually take longer to build cash values and to pay dividends. Acquisition costs for the old policy may have been paid, you will incur costs for the new one. What surrender charges do the policies have? What expense and sales charges will you pay on the new policy? Does the new policy provide more insurance coverage?

INSURABILITY:

If your health has changed since you bought your old policy, the new one could cost you more, or you could be turned down. You may need a medical exam for a new policy. Claims on most new policies for up to the first two years can be denied based on inaccurate statements. Suicide limitations may begin anew on the new coverage.

IF YOU ARE KEEPING THE OLD POLICY AS WELL AS THE NEW POLICY:

How are premiums for both policies being paid? How will the premiums on your existing policy be affected? Will a loan be deducted from death benefits? What values from the old policy are being used to pay premiums?

IF YOU ARE SURRENDERING AN ANNUITY OR INTEREST SENSITIVE LIFE PRODUCT:

Will you pay surrender charges on your old contract? What are the interest rate guarantees for the new contract? Have you compared the contract charges or other policy expenses?

OTHER ISSUES TO CONSIDER FOR ALL TRANSACTIONS:

What are the tax consequences of buying the new policy? Is this a tax free exchange? (See your tax advisor.) Is there a benefit from favorable "grandfathered" treatment of the old policy under the federal tax code? Will the existing insurer be willing to modify the old policy? How does the quality and financial stability of the new company compare with your existing company?

Replacement Comparison Worksheet

This form must be submitted for each contract/policy being replaced (including partial and penalty-free transfers) in addition to any state-required replacement form(s). If not applicable, put N/A. Do not leave any questions blank. If there are more than two (2) replacement/exchanges, please use an additional Replacement Comparison Form.

This disclosure form provides important information for the Fiduciary or IRA owner to consider prior to making the purchase of or adding additional payments to a tax-qualified insurance or annuity policy ("Policy") issued by an insurance company. In that regard, the information is also intended to satisfy the requirements and conditions of U.S. Department of Labor Prohibited Transaction Exemption 84-24 ("PTE 84-24").

This form will describe the following:

- The relationship between the Agent and the insurance company;
 - The compensation (commissions) the Agent will receive as a result of Your purchasing this Policy;
 - A description of any charges, fees, discounts, penalties or adjustments that may be imposed in connection with the purchase, holding, exchange or sale of the Policy,
- and,

The Relationship Between the Agent and the Insurance Company

You will be purchasing this Policy through the Agent who is independent of the insurance company listed above and is under no contractual obligation to offer the above insurance company's Policies. The Agent is licensed and appointed with a number of insurance companies and Policies of which he /she can represent. The Agent may not make any representations or accept any responsibilities on behalf of the insurance company that are not expressly contained in the Insurance Company's Policy or Policies. In addition, the insurance company may pay additional amounts to other third parties that are involved in the marketing, training, administration, wholesaling, supervision of the Agent, or issuance of the Policy. Charges

This Policy may include certain charges imposed by the insurance company. These may include surrender charges, bonus recapture provisions, market value adjustments, or fees for optional features available through a rider. The specific charges, fees and provisions applicable to your Policy are available from your Agent or the insurance company. It is important that you understand the charges that may be imposed under the Policy you are purchasing.

Conflicts of Interest

A conflict of interest exists when a reasonable person would conclude that a financial interest affects the Agent's best judgment when recommending the purchase of a Policy. The following are material conflicts of interest relevant to the services provided by, and actions taken by, Agent in relation to the purchase recommendation:

- Insurance company payments for the services provided to you may represent a conflict of interest as they may affect the recommendations of the Agent.
